Annual Democratic County Meeting.

The annual Democratic Meeting will be held at the Court House, in the borough of Mauch Chunk, on Monday the 11th day of August, at 10 o'clock P. M., to fix the day for holding the Delegate Election in the several boroughs, townships and election districts and also the time for holding the County Convention and to transact other important business.

Chairman Democratic County Committee.

At a recent meeting of a number of local assemblies of the K. of L. the following resolution was adopted: "That we call upon all workmen to take an earnest interest in the observance of the semi-monthly pay law by the employers. Every employee in the service of the corporations of this valley should be directed to demand his wages every two weeks, so that the violation of the law would rest with those who are loudest in their protestations against infringements of the law on the part of the working man." They evidently mean business and corporations would do well to bear it in mind.

REGENT SOCIETY OMBUS.

They are at work on the new Jr. O. U. A. M., Hall at Pleasant Corner. The members of Oak Grove Council have some snap, they have.

TELEPHONE TALK.

M. C.—Hello, Summit Hill!

S. H.—Hello!

M. C.—How is it; have you got everything fixed as we arranged it?

S. H.—What do you mean?

M. C.—Mean, d—n it; why is everything solid for the combination?

S. H.—Essex's friends have been blowing around here that we wouldn't get a delegate, and I thought I'd call you up to see if everything is going right.

S. H.—There is no use talking things look mighty blue. It was a big mistake to put the fixing of this town in Malloy's hands. He isn't in it; you know he was defeated for council a year ago, run out of the water company and people generally put little stock in him.

M. C.—D—n him, he told me he could fix the two towns solid, if some one would throw a couple of hundred in the swim.

S. H.—Well, you didn't put up the money did you?

M. C.—We had to in order to get some showing up your way.

S. H.—Well, should that come out, we will lose what little we have here.

M. C.—How's that?

S. H.—Well, we don't go much on being bought up in that shape. It looks bad, and Malloy is said to have told parties that if it wasn't for Rauch he'd go over to the other crowd, even now, so you see your couple of hundred didn't count much.

M. C.—Confound it, I always did think the ADVOCATE was right when it called him a small affair. So you think there is no show?

S. H.—I wouldn't give a piastre for the whole thing for when it gets out that Malloy gets paid to abuse decent people like you, you will drop him and the combination's stuck.

M. C.—Well, we must keep up a bold front, continue to claim everything for Bond and I'll see the Trustee when he comes to town again. Good bye.

S. H.—Good bye.

RAILROAD RUMORS.

Strassburg is firing on Lehigh Valley.

Coal Dale is to have a new Central station which will replace the one at Lansford.

A brand new "hog" is on the Valley road, with Lewis Miller, of town, as chief cook and bottle washer.

137 is out of the shops, thoroughly overhauled, and looks like a daisy. Dan Arner, of Weissport, handles the throttle.

Lehigh Lodge, 292, B. of R. R. T., of this town, are arranging for a grand ball in Gabel's Hall, on Friday evening, September 11. Tickets, admitting guest and ladies, \$1.00.

Young Henry, of Franklin, who was killed recently on the Valley railroad, was a member of Lehigh Lodge, 292, B. of R. R. T. His parents will receive \$1000. Henry had only been a member a short time and had paid but \$7 on the insurance. Every railroad who is eligible should connect themselves with this order that offers such grand benefits and protection.

The Lehigh Valley railroad, while considered one of the small trunk lines, says the New York Recorder, is at the same time one of the strongest roads financially on the American continent. It is a child of the brain of the late Asa Packer. Until within a comparatively short space of time it was badly handicapped in the struggle with its rivals for business because its line ended at Elmira instead of, as in the case of other trunk lines, at Buffalo. Now it has a line of its own from Elmira to Buffalo nearly completed. President E. P. Wilbur, of the Lehigh Valley, like most great railroad managers of the day, attained his present position after years of struggle. From very small and insignificant places he rose, following almost in the footsteps of Asa Packer. To-day as a masterful man he ranks with Depew and Roberts. Under his management the Lehigh Valley has prospered greatly, and its securities are recognized as thoroughly sound investments.

Money For School Warrants.

Only about one hundred warrants have been sent out to the school districts of the State to cover the appropriations to which they are entitled, and weeks will elapse before the twenty-four hundred districts will have received attention. The impression that \$2,000,000, the annual appropriation under the old law, is payable is a mistake. The amount is less than \$1,000,000, for the reason that the State Treasurer paid all but \$5,000 of Philadelphia's quota last December to John Bardley, who got away with it in a mysterious way.

The plethoric State Treasury will not only be relieved of a large portion of its cash by the payment of school warrants, but in the near future many appropriations will be paid to the numerous institutions to which the Legislature voted money at the late session.

In the two funds of the Treasury there are \$7,096,830.95, of which \$7,106,884.54 are deposited in the following named banks, which have money of both funds: Farmers and Mechanics' National Bank, \$3,384,792.57; Allegheny National Bank, \$663,392.45; Mechanics' Bank, Harrisburg, \$378,821.17; First National, Harrisburg, \$100,000; People's Bank, Philadelphia, \$650,552.69; Commonwealth Trust Company, \$655,445.72; Fourth Street National, Philadelphia, \$750,000; First National Bank, Mauch Chunk, \$100,000, and Beaver Deposit Bank, \$20,000.

In five of the enumerated banks the deposits exceed \$500,000, the amount of the State Treasurer's bond. Of the \$3,384,792.57 in the Farmers and Mechanics' National Bank, the fiscal agency of the State, \$1,054,000 were received from the United States Government as direct tax money.

The Street Matter.

Before Judge Draber and Associates Seidle and Price Tuesday the Lehigh Valley street business had its first hearing. A. J. Durling, John T. Sommer and A. V. The Borough of Lehigh Valley et al. vs. The Borough of Lehigh Valley et al. A writ of alternative mandamus is ordered to be issued against the defendants returnable August 7th. In this case the plaintiffs are property owners on First or Bank street, Lehigh Valley, and in their petition to court they set forth that certain assessments have been levied upon them for paving, gutting and macadamizing said street; that they believe and expect to prove that the ordinance directing the same to be done, and an alleged petition on which the ordinance is said to have been passed are illegal and void; that they demanded from the defendants to be allowed to examine and inspect the minutes, books and records of said borough with a view of informing themselves on this subject and that the same was refused. The writ of mandamus, therefore, is to allow an inspection of the books.

And it will bring dollars in your pocket, by calling at the One Price Star Clothing Hall, Mauch Chunk, for your ready-made or made-to-order suits for men, boys' and children, which we are selling now, good boys' suits from \$1.25 up to \$6.00, good men's suits from \$4.00 up to \$15.00, everything worth double the money. Call and be convinced.

The Camp-Meeting.

Samsel, Lehigh Valley. On Wednesday and Thursday, Editor Sanford, of the Evangelical, Harrisburg, was present.
